The Costa del Sol specialist for new construction and re-sales

Experienced, professional and multilingual

SLG Property has been active as a real estate agent on Costa del Sol for over 20 years. Our experience, professionalism and personal approach ensure that your purchase in Spain is successful and stress-free. Our advisors speak several languages, including Dutch, English, German, French, Italian and Spanish.

SLG - the best housing offer

Through our membership of two real estate databases we offer you the largest selection on the Costa del Sol - more than 24,000 properties in the regions of Malaga city, Nerja, Torremolinos, Benalmadena, Fuengirola, Estepona, etc. Almost every owner-occupied property on the Costa del Sol is therefore in our database from re-sales to new construction. If your dream home exists, we will find it.

The new construction specialist with an eye for quality

As a new construction specialist, we know - often before it is on the market - what the best new construction projects are. Only after a thorough evaluation do we include new construction projects in our portfolio. This offers additional security. SLG Property is the official agent for all quality new construction projects. New construction provides a good return. Due to growing demand and scarcity in supply, new construction is sold quickly (often within one year). As sales and construction progress, developers increase prices by between 10% and 30% of the purchase price. This means that purchasing new construction provides the greatest return. Many of our customers have benefited from this.

Network of independent specialists

We work with independent lawyers on the Costa del Sol who speak your language. This ensures clarity in the purchasing process. The same applies to mortgage advisors, who can advise you without obligation about the purchase of real estate in Spain.

SLG - hearsay

Above all, we will do our utmost to find your dream home on the Costa del Sol. We strive to provide you with good service that you are satisfied with and hope that you will recommend us to friends and family. We are proud that the lion's share of our new customers come from old customers.

In this brochure you will find a small, refined selection of our offer. Our total offer is much larger, feel free to challenge us to find your dream home. Do you have any questions or would you like to schedule a viewing? Don't hesitate to contact us! We will do our utmost to find your perfect property.

The choice of VRT programme 'For the same money'

Britt, Thomas & Jan from VRT programme

'For the same money' made a Spain

Special about the housing market on the

Costa del Sol. The question presented by

presenter Jan Van Looveren put to co-

presenters Britt van Marsenille & Thomas

Vanderveken asked was as follows; "How

can you buy as economically possible and

with a maximum budget of €150,000 a

holiday home on the Costa del Sol?"

To answer this question properly, they also turn to SLG Property - the estate agent on the Costa del Sol with the largest selection. Ron de Vries & Willem Bruins of SLG Property help Britt & Thomas in their search. They visit several flats and also look at new construction projects.

In the end, the choice falls on a flat of the bank of which SLG Property is the exclusive Dutch-speaking agent. This flat in the Calanova Grand Golf complex in Mijas turns out to be the most advantageous choice for Jan. You can watch this episode at www.een.be/voor-hetzelfde-geld/een-buitenverblijf-aanschaffen-zo-pak-je-hetaan. Here you can also find some useful tips about buying a Spanish property.
